- 1** See the Lord of glory dying!
See him gasping, hear him crying!
See his burdened body heave!
Look, ye sinners, ye who hung him,
Look, how deep your sins have stung him,
Dying sinners, look and live!
- 2** See the rocks and mountains shaking,
Earth unto her center quaking!
Nature's groans awake the dead!
Lo! the sun is struck with wonder,
While the peals of legal thunder
Smite the fair Redeemer's head.
- 3** Hell, and all the pow'rs infernal,
vanquished by the King Eternal,
When he poured the vital flood,
By his groans which shook creation,
Lo, we sound the proclamation:
Peace and pardon through His blood.
- 4** Shout, ye saints, with admiration,
Fill with songs the wide creation,
Since he's risen from the grave.
Shout, with joyful acclamation,
To the Rock of your salvation,
Who alone has pow'r to save.
